

The Walker Basin Conservancy would like to thank all those that participated in the 5/18/20 – 5/22/20 Storage Lease Auction. Because of an overly active email spam filter, a winning bid (*) wasn't counted until the other winning bidders were notified. The Conservancy is electing to honor the "lost" bid without reducing those who had already been notified. This results in a larger amount of water awarded than published. The total amount awarded in the 5/18/20 – 5/22/20 Storage Lease Auction was 1,300 AF. Below shows the winning bid price, requested and awarded volume, and storage water source.

| Bid Price (\$/AF) | Volume Requested (AF) | Volume Awarded (AF) | Source Desired |
|-------------------|-----------------------|---------------------|----------------|
| \$100.00 | 50 | 50 | East |
| *\$66.00 | 300 | 300 | West |
| \$60.00 | 100 | 100 | West |
| \$50.02 | 1000 | 850 | Main |
